

## Open Access Journals

- [Directory of Open Access Journals](#)

Provides full-text access to articles from over 8,000 scholarly and scientific journals.

- [PubMed Central](#)

Provides full-text access for all articles from over 1,100 medical and scientific journals; selected full-text articles from over 2,000 additional journal titles are also available.

- [Open Science Directory](#)

Provides full-text access to over 13,000 scholarly and scientific journals from around the world.

- [PLOS -- Public Library of Science](#)

PLOS publishes seven peer-reviewed open-access journals in the areas of science and medicine.

- [Frontiers](#)

Provides full-text access to articles in science, medicine and psychology.

- [JURN](#)

Provides links to over 3,000 arts and humanities journals, many that have full open access to articles, and some with partial open access.

- [HighWire](#)

Links to free online articles - not necessarily completely open access journal titles. Many in the sciences.

- [Digital Commons Network](#)

Lots of open access materials of all types from academic institutions.

- [Open Access Directory](#)

A wiki maintained by those interested in OA and all kinds of OA materials. Links to loads of other resources - including more information about the movement and getting involved.

- [Directory of Open Access Repositories - DOAR](#)

Lists repositories from around the world. Browse or search.
